"There is no more ventricular hole in **Lupita's** heart nor tricuspid weakness anymore", commented the cardiologist. Lupita's heart is completely healed thanks to a great God! Lupita's surgery would have cost here in Tijuana \$20,000 us dollars and a lot of pain: but no more!! Lupita's mom a year ago died of AIDS. Before Lupita was living with us, she was sexually abused by her mom's boyfriends and Lupita witnessed her little sister being stabbed to death by one of these men. But God is turning this little girl's tragedies into a wonderful life thanks to you!

Our older kids just built 2 basic houses for some needy families including a very needy mom and her 3 kids. The teens felt so good helping to make a better life for this family. That is what life is about...helping others. That is one of our goals is to teach our kids this important lesson. This month the older kids will be teaching the younger kids about leadership and how to be servants for the Lord. They will also build another house for another needy family!

Thank you for praying that we will have favor with our new owners. This is happening and looks good that they want to have us to be at the palace! Please continue to keep us in your prayers. It is working!!

12 kids go our kindergarten school lead by **Linda Ramirez**. They already know how to count, say their abc's, learn about other countries, and more. Our kindergarteners love learning and are so proud about what they have

achieved.

Recently, a pastor from Uganda came and shared what was happening in his country. He told our kids of a very needy children's home there. In response, our kids raised some money (money they earned and a little that their moms gave them). They raised **\$1750 pesos!** (approx. **\$175 usd**). We are excited to see our kids wanting to give something to help and did this from their hearts!

Needs:

- food
 - mattresses for bunk beds
 - carpet squares for the nursery
 - living room floor tiling
 - 2 high chairs
 - finances to pay all the bills
 - more computer speakers so our kids can get good stuff from GODTUBE.com
-

Pray for:

- A Spanish speaking psychologist ... the Lord to heal the emotional damages done by parental abuse, that each child and worker will draw close to the Lord, wisdom from God, protection and health.
 - Please pray for **Bob Barkley** , one of our partners helping us, just had surgery with complications and has been in ICU.

We are so thankful for your help so our 80 children can live normal and positive lives. Thank you that the bills are met for electricity, rent, medical, dental, workers stipends, school costs, food, transportation which includes increased repairs and more. You are so needed to keep these blessings coming so these children do not ever have to return to the despair they came from. Thank you!!

God bless you,

Tyler and Connie Youngkin
